

Easy Drain[®]
by ess

Waterstop Aqua

Waterstop is an easy-to-install shower drain, thanks to its large pre-assembled sealing membrane (Water Protection System). This results in the complete waterproofing of your shower area without the need for additional sealing compounds besides tile adhesive. The Waterstop shower drain is ideally suited for against-wall installation, but can also be placed anywhere in the floor.

FEATURES

- Connection - 360° rotatable
- Siphon - Easy to clean
- Suitable for - New construction and renovation
- Outlet - Horizontal outlet
