

PROJOLLY

POLISHED ALUMINIUM
CHROME, COPPER, TITANIUM, GOLD AND BLACK

PROJOLLY is a rounded bead profile in polished aluminium that can be applied on external corners of coverings. It can be used to close the perimeter of coverings and like a connection profile between step tread and riser of stairs coated with ceramic or natural stone tiles. Its particular section and elegance, the availability in five different finishes and special pieces such as internal and external corners, end caps and joints make **PROJOLLY** a much sought-after and elegant profile that allows a workmanlike application.

POLISHED ALUMINIUM (chrome-copper-titanium-gold-black)
thermo packed - bar length 2,7 lm - pack. 40 Pcs - 108 lm (H 15 mm - 54 lm)

EXAMPLES AND INSTRUCTIONS FOR LAYING METHODS

1. Choose "PROJOLLY" according to the tile thickness and desired finish. 2. Cut "PROJOLLY" to the desired length and apply the adhesive on the support where the profile will be laid. 3. Press the anchoring flange of "PROJOLLY" into the adhesive. 4. Lay the tiles, aligning them with the profile leaving a 2 mm joint. Remove immediately all remains of adhesive from the surface of the profile. 5. Fill the joints between the profile and the tiles with grout, in order to avoid water stagnation. Remove immediately all the remains of grout from the surface of the profile.
